

Registration Cure Program

Program Overview

The Attorney General is offering a cure period for charities not properly registered with the Charities Bureau or delinquent in filing annual financial reports. Effective immediately through June 30, 2010, the Attorney General will waive financial penalties if organizations file required forms and pay required fees. This program is a limited opportunity for organizations to become compliant with the registration requirements without incurring penalties. All organizations required to register with the Charities Bureau are eligible to participate in this program.

A completed application must accompany the filings and be postmarked on or before June 30, 2010.

Please send all filings to: Charities Bureau
Delinquency Section
120 Broadway - 3rd Floor
New York, New York 10271
