What is the organization's primary exempt purpose? New York Math Circle (NYMC) is a non-profit organization dedicated to enriching and supplementing mathematical education in New York City. NYMC offers interested students from around New York City an opportunity to grow intellectually and personally through learning of mathematics and related subjects from exceptional teachers in a friendly enriched atmosphere. It encourages and supports excellent teaching of mathematics through courses for teachers and other programs.

Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. In a clear and concise manner, describe the services provided, the number of persons benefited, and other relevant information for each program title.

28 MATHEMATICS ENRICHMENT CLASSES FOR HIGH SCHOOL AND MIDDLE SCHOOL STUDENTS. During FYE 6/30/14, New York Math Circle held an intensive summer program and 25 weekend courses for students: 3 in the summer, 11 in the fall semester, and 11 in the spring. A total of 584 high school and middle school students were served, about 251 classroom sessions held, and over 13,008 instructional student-hours were provided. The program aims to enrich and supplement mathematical education in New York City by providing students with superb instruction in a friendly atmosphere, and offering material not usually encountered in regular curriculum in our classes. We seek to stimulate the enjoyment, appreciation, and knowledge of Mathematics through problem solving and guided discovery, to strengthen students existing knowledge, and to cultivate the motivation and capacity for further students. We strive to make the classes available to all interested students, regardless of their financial means. **MATHEMATICS ENRICHMENT CLASSES FOR MATHEMATICS TEACHERS.** During FYE 6/30/14, New York Math Circle held two short courses for math teachers, two intensive teacher workshops, and a series of mathematical talks. Approximately 67 different teachers participated in total, with many taking more than one course. About 20 classroom sessions were held, and about 886 instructional teacher-hours were provided overall. The teacher program aims to support excellent teaching of Mathematics in schools around New York City by providing mathematical content classes for teachers, taught by distinguished educators. Most sessions do not bear academic credit, and teachers attend them in order to learn new mathematics, deepen their understanding, and observe exemplary teaching, all of which helps them teach in their own classrooms. Additionally, the teacher program helps us to promote the student program.
